Overview: This immaculate villa was constructed in 1994 but totally renovated in 2018 by its current owners, decorated to the highest spec. It is located in one of the most prestigious areas of Marbella, within 10 minutes to the wonderful Orange Square. When entering the house into the two-storey entrance hall, one is immediately stunned by the amazing views of the Mediterranean. On this floor there is a large lounge, a dining room, a family kitchen in Scandinavian style, and a snug living room, all that leads out to the neverending outside space. The second floor contains the master suite, with a large bedroom and adjoining bathroom, including an infrared sauna. There is also an office here. The large terrace offers the most amazing views over the coastline and greenland. Four bedrooms are located on the ground floor level, all with direct access to the garden and the pool. On this level there is also a fully equipped gym and a large garage. In the basement of the house you will find a home cinema, a massage room, a sauna and yet another bedroom en-suite. The landscaped garden, which is south facing, offers over 500 meters of walkways, a large play area, outdoor exercise facilities and tennis/paddle court. The property is one of its kind and must be seen to be appreciated.
