Price: 795,000 €

Status: Sale

Property Type: Penthouse

Parking places: by request

Printing day : 17th
September 2025

Overview: A unique corner penthouse in the development of Botanic by Taylor Wimpey, this unit benefits from full underfloor heating, Airzone and purified water. Currently laid to 2 bedrooms and 3 bathroom on a 3 bed floor plan. Botanic is a unique residential complex with 18,000m² of Botanical gardens, born under the criteria of sustainability, ecology and bioclimatic architecture. The buildings projected on different levels optimize the views and offer an exceptional panoramic view of the surroundings. Green spaces play a leading role in the design, respecting the variety of native species and trees in the area, vertical gardens, and plant corridors that, between each phase, wrap the residential area in a unique natural space. The project, consisting of 92 bright and spacious 3-bedroom homes, stands out for its large south-facing terraces. The 4-storey buildings are crowned by spacious penthouses with modern design and spectacular solariums where you can enjoy from sunrise to sunset. The homes have been designed with spacious rooms, above the current market standards. The modern distribution of the houses integrates the kitchen, the living room and the terrace. 2 x Underground parking spaces and storage room, included. The homes are delivered fully equipped with state-of-the-art qualities. The cream marble stands out in all the rooms, large-format cladding in the bathrooms, large sliding windows level with the terrace, high-end appliances and toilets, LED lighting, air conditioning and underfloor heating in the bathrooms, all as standard.

Features:

Pool, Air conditioning, Heating, Sea views, Mountain views, Lift, None, 24H Security, Parking, Luxury
